Oils Made Simple

10/40 GTX

A mineral engine oil widely recommended for a variety of vehicles from 1990 onwards. Ideally suited to **older cars** and **some diesel** engines.

5/30 Professional

Suitable for both **petrol** and **diesel** engines. Magnatec reduces engine wear by clinging to moving parts. This oil meets Ford specifications.

5/30 Edge

The most advanced oil held in stock by ETS. Ideal for advanced engines such as **VW, Audi, BMW** and **Mercedes**.

Specialist

On the rare occasion when none of our stock oils are suitable for your vehicle, we will order in the exact specification required.
